

Professional Security Officer (Full Time)

\$14.00/HR to start (plus benefits) with increases to more than \$20.00/HR possible.

UNITED STATES MILITARY VETERANS PREFERRED

Do you want to be a professional security officer and not a "guard"? We are an elite professional security organization that is widely recognized as being the "best in class." The reason for this is because there is nothing mediocre about our company or our officers. We are currently seeking an intelligent, responsible, highly-motivated, honest and hardworking individual for a full time position. The starting wage for a full time officer is \$14.00 per hour (plus benefits). **Our officers can make more than \$20.00 per hour with promotions and differential pay.** Supervisors can make into the \$50,000.00 per year range (plus benefits). Full time officers must be available to work any shift/day assigned.

Honesty is the best policy in all situations. Therefore, to eliminate any confusion with potential applicants, we also want to share what we are NOT seeking in an officer. We are not seeking anyone who is dishonest, illiterate – verbally or with written communications, lazy, does not follow orders, lacks common sense or has poor decision-making skills, is unable to report to work on time, or is unwilling or unable to physically confront a suspect. If you have any of these attributes, please DO NOT apply with us. You will only be wasting your time and ours. We are seeking quality and not quantity.

Please note: Completion of the Basic Security Officer Training Series (BSOTS) is an employment prerequisite. If a job candidate who we have tendered a conditional job offer has not completed BSOTS, we will provide this training at zero cost to job candidates. BSOTS completion will take only one day to complete. Once successfully completed, candidates will then qualify for employment as a security officer.

If you want to be part of the best and think you can make the cut, take the first step by applying in person, MON – FRI from 9:00 AM to 4:00 PM, or submitting an employment application online at www.theconleygroup.com/application.htm.
